A Word for our Old Friends, and the A Word for our Old Friends, and the Public Generally:—After a long experience of more than fifteen years' business, with our friends of Hancock and adjoining counties, in the Churn System, we have become thoroughly convinced, that it is not the best system for either the sulled on survey. We, therefore, after mature deliberation, have concluded to adopt, strictly, the READY-PAY SYSTEM, and one price for all. Hence, the confiding will be able to buy of us, as low as the keenest sharper.—Our motto will be

"Small Profits—Sure & Quick Retaras."

We pledge ourselves to all, who may favor us with their patronage, that we will sell from five to twenty-five per cent. lower than any creditatore in our town, or surrounding country can do, because they must and will have extra profits for the time they wait, and to make up for losses by way of bad debts. The discerning will see at once, the advantage of buying for ready pay, a fact that we wish distinctly to impress, in no otherway than by having the pleasure of exhibiting our Stock of Goods to those, who may be interested in the purchase of the same. We, therefore, respectfully invite one and all to call and examine our stock, before buying elsewhere.
